

ENROLL IN EPA's LOWER MANHATTAN TEST & CLEAN PROGRAM

- If you are a resident or building owner in Lower Manhattan and have concerns that dust from the collapse of the World Trade Center may be in your home or building, sign up for EPA's Test and Clean Program.
- EPA will test homes and buildings south of Canal, Allen and Pike Streets for several contaminants associated with World Trade Center dust.
- If EPA finds contaminant levels above established limits, the Agency will clean your space at no charge.
- Residents and building owners can call toll free to register for the program.

Registration: January 16, 2007 through March 30, 2007

To register call: 1-888-747-7725
